# VIA TESL PROGRAM INFORMATION

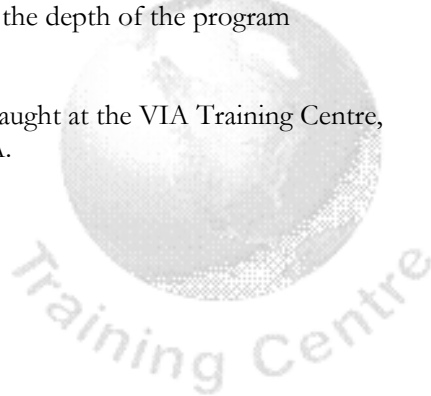

## (Domestic)

### Background

Victoria International Academy opened in August 2002, and soon developed the VIA TESL Diploma program. Chris Whitney (MA, Applied Linguistics) joined the VIA faculty after recently returning to Canada after many years of teaching in Asia, mainly Japan, Korea, and China. Chris, along with Peter Tatchell and Kerry Williams (VIA TESL program administrators) carefully studied the TESL Canada-recognized program requirements and designed the VIA TESL program accordingly. The VIA TESL Diploma Program began using the current curriculum in January 2003.

Chris left VIA in May 2003 for a teaching position with a prestigious university in Saudi Arabia, and was soon replaced by Khaled (Kal) Karim, a bright young man with two Master's degrees, one in Applied Linguistics and one in English. Kal's enthusiasm for the TESL program helped create a great program and the results of his hard work are evident with the depth of the program

VIA TESL Diploma Program is taught at the VIA Training Centre, a wholly owned subsidiary of VIA.

### Program Description

The VIA TESL Diploma Program is designed for people wishing to pursue a career in Teaching English as a Second Language (ESL) to non-native speakers around the world.
